Welcome Message

Dear colleagues and friends,

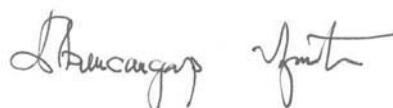

On behalf of the Organizing Committee and on my own I wish a most cordial welcome to all participants of the 15th Danubian League Meeting against Thrombosis and Haemorrhagic Disorders, taking place from May 14 to 16, 2009 in Belgrade, capital of the Republic of Serbia.

By its primordial energy, the almighty Danube brings closer and unites people of various nationalities, religions, languages and cultural heritage. Almost thirty years ago Danube was the originator of the visionary professor Helmut Vinazzer's idea of creating the Danubean League against Thrombosis and Haemorrhagic Disorders. Based on the Danubian affiliation, the Danubian League, in all its creative enthusiasm, gathers the experts of various medical and biological specialties, whose fundamental field of interest resides within thrombosis and haemorrhagic syndromes.

It is our mutual wish to make the forthcoming meeting in Belgrade a strong stimulus for the improvement of traditional, professional and scientific regional cooperation.

Waiting for you openheartedly, wishing to make all three Belgrade Danubian League Meeting days memorable by the most up to date achievements in domain of haemostasis disorders research and by the friendly social activities, I address you once more with a most sincere and warm invitation to the next Danubian League Meeting in Belgrade, famous by its cordial hospitality.

Sincerely Yours,

Professor Aleksandar Lucic
President
DLTH Meeting 2009

Programme Overview

Thursday, May 14

14:30 – 16:30	Session: Venous Thromboembolism: Risk Factors, Diagnosis and Therapy
17:00 – 18:00	Satellite Symposium: Bayer Health Care, Bayer Schering Pharma
18:00 – 19:00	Satellite Symposium: Siemens Healthcare Diagnostics and Interlab exim
19:00 – 19:45	Opening Ceremony
20:00 – 22:00	Welcome Reception

Friday, May 15

08:30 – 09:00	Plenary Lecture
09:00 – 10:50	Session: Current and Future Assays of Haemostasis
11:10 – 11:40	Plenary Lecture
11:40 – 13:00	Session: Periodontal Disease and Haemostasis Session: Pediatric Haemostasis
13:00 – 14:00	Satellite Symposium: Novo Nordisk
14:00 – 15:00	Lunch sponsored by Novo Nordisk
15:00 – 15:30	Plenary Lecture
15:00 – 16:50	Session: Principles of Haemophilia Care
16:50 – 17:15	Poster Session
17:15 – 17:30	Presentation: Instrumentation Laboratory
17:30 – 18:30	Satellite Symposium: Baxter
20:30 – 00:00	Gala Dinner sponsored by Baxter

Saturday, May 15

08:30 – 10:00	Visit to the Royal Palace
10:00 – 10:50	DLTH Assembly
10:50 – 11:40	Plenary Lecture
11:40 – 13:00	Session: Women and Haemostasis Disorders Session: Arterial Thrombosis: Risk Factors and Therapy
13:00 – 14:00	Satellite Symposium: Octapharma
14:00 – 15:00	Lunch sponsored by Octapharma
15:00 – 15:30	Closing Ceremony

Belgrade

General Information

"I have found a most beautiful, ancient place, the great city of Belgrade, by chance destroyed and bereft of people, and I rebuilt it and dedicated it to Our Lady, the Most Holy Mother of God", wrote Serbian ruler Despot Stefan Lazarevic, poet and humanist. He erected a beautiful city with a fortified castle, and two river ports.

Belgrade is the administrative and cultural capital of Serbia.

The city is situated where the Sava River flows into the mighty Danube, and where the cultivated Pannonian Plain meets the hilly and mountainous Balkans.

Though a metropolis scared with history, it remains unquenchably optimistic. Belgrade is a hospitable and lively city. It is a wild, untamable city, to be loved rather than merely appreciated.

The best time for a visit is in spring. In May and June, the sweet smell of linden trees pervades many of its streets. A short walk to one of the riverbanks provides an escape from the city bustle, and offers a choice of numerous restaurants built on rafts.

Because all of this and much more, Belgrade is a city to enjoy, and feel surprisingly good in.
